

The Britishers had limited the meaning of history only to the political history in their educational system. They had introduced this system to achieve their imperialistic designs.

Correct dictionary meaning of the word history is “a record of past events”. Hence the data should cover all subjects relating to human life. ABISY therefore, planned to collect subject-wise data under the following broad heads:

1. Geography
2. Religion & Philosophy
3. Sociology
4. Literacy & Linguistics
5. Economy
6. Education
7. Physical Education
8. Health
9. Sciences
10. Arts
11. Administration
12. Political
13. Defense
14. Miscellaneous
